📍 Cuddalore

PROFESSIONAL SUMMARY :

- **Results-driven Web Developer** with **1.8 years** of experience in developing **responsive, user-centric websites and applications**.
- Proficient in **React.js, JavaScript, Bootstrap 5, HTML, CSS** with a strong understanding of front-end development principles, best practices, and data management.
- Experienced in **optimizing website performance, ensuring fast load times, and enhancing user experience through efficient code and design strategies**.
- Skilled in **collaborating with cross-functional teams**, including designers and backend developers, to deliver high-quality projects on time.
- Expertise in **building scalable, maintainable, and visually appealing web applications**, ensuring seamless navigation and accessibility.
- Strong understanding of **UI/UX principles**, focusing on creating engaging and interactive user experiences.
- Leveraged **Git for version control**, ensuring **seamless collaboration and project tracking** in a team-oriented environment.

PROFESSIONAL EXPERIENCE :

❖ **HEPL | Hema's Enterprises Private Limited – Web Developer**

August 2023 – Present

- Developed and maintained **high-performance** web applications using **ReactJS, Bootstrap, Javascript, HTML, CSS**.
- Optimized website speed, improving **user experience and retention**.
- Collaborated with designers and backend developers to implement **UI/UX best practices**, enhancing **customer engagement**.

Project - Zenopus

- Developed a **user-friendly e-commerce platform**, leading to improved **customer conversions**.
- Implemented **ReactJS components** to enhance **page interactivity and responsiveness**, ensuring seamless navigation.
- Collaborated with the backend team to ensure **smooth API integration**, reducing system errors and improving data accuracy.

Project - CKEDGE

- Enhanced a **modern, responsive website** adhering to the latest **UI/UX principles** and industry trends.
- Optimized the website for **performance, accessibility, and cross-device compatibility**.
- Successfully delivered the project within deadlines and received commendations for **high-quality design and execution**.

Project - Spinz

- **Expanded the complete frontend** of the Spinz platform using **ReactJS**, ensuring a seamless and responsive user experience.
 - **Integrated REST APIs into the frontend**, enabling efficient communication between the React application and the Java backend.
 - **Designed and built an interactive admin dashboard**, providing **real-time insights, analytics, and management capabilities**.
 - **Implemented role-based access control (RBAC)** for **Vendor, Admin, and Super Admin**, ensuring secure and structured access to dashboard functionalities.
 - **Optimized API interactions** to enhance performance, reduce latency, and improve data handling across different user roles.
-

EDUCATION

❖ **Sri Manakula Vinayagar Engineering College, Puducherry, India**

2018 - 2022

B.Tech. – Bachelor of Technology in Information Technology
