PROFESSIONAL EXPERIENCE

Web Developer

HEPL, A Cavinkare Group Company

Aug 2023 - Present

- Built responsive and visually appealing websites optimized for mobile and desktop platforms using HTML, CSS, Bootstrap 5, ReactJS, and JavaScript.
- Enhanced website speed and performance through code optimization and best practices.
- Collaborated with teams to execute design solutions and maintain high standards of code quality.
- Leveraged Git for version control to ensure seamless collaboration and project tracking.

KEY PROJECT

E-Commerce Platform - Zenopus

Technologies: ReactJS, Laravel

- Designed and developed a user-friendly e-commerce website with features focusing on intuitive navigation and high-performance functionalities.
- Played a pivotal role in front-end development, integrating ReactJS components for dynamic content rendering.

Website Development - CKEdge

Technologies: HTML, CSS, Bootstrap 5

- Created a modern, responsive website for CKEdge, adhering to the latest design trends and UX principles.
- Delivered the project within deadlines and received commendations for its quality and design.
- Website link - <https://ckedge.com/>

Clothing E-Commerce Website

Technologies : ReactJS, Bootstrap, NodeJS, MongoDB

- Developing a comprehensive e-commerce platform for clothing.
- Completed the front-end development using ReactJS and Bootstrap with a responsive and user-friendly design.
- Currently working on the backend using NodeJS and MongoDB for database management.
- The project demonstrates skills in full-stack development and integration of modern web technologies.

Personal Portfolio Website

Technologies: ReactJS, Bootstrap

- Designed and developed a static portfolio website to showcase my skills, experience, and projects.
- Implemented a clean and modern design with responsive layouts to ensure compatibility across devices.
- Utilized ReactJS for dynamic rendering and Bootstrap for a visually appealing interface.

ACHIEVEMENTS

- Successfully delivered multiple web projects within strict deadlines, receiving positive feedback for quality and user experience.
 - Recognized for implementing efficient solutions to improve website performance and scalability.
-
